Optimistic Case	9.89%	5.00%	₹ 1,563	51%

Analyst Takeaways	
Valuation View	Base-case DCF indicates moderate upside, with an intrinsic value of approximately ₹1,173/share versus the current price of ₹1,036.50.
Relative Valuation	Infosys trades at a discount to peers on both P/E and EV/EBITDA, with the discount more pronounced on P/E.
Key Sensitivity	DCF valuation is highly sensitive to WACC and terminal growth, with the tested range spanning approximately ₹957–₹1,563/share.
Key Risk	The valuation depends on assumptions around revenue growth, operating margins, capital expenditure, working capital investment and long-term growth.
